A dance is to be given by the PaloAlto band next Saturday evening. The hall was slightly wrecked but will be ready for use by that time.

E. S. Pedro and family were the guests of relatives at Oak Hill farm the first of the week.

Nearly three inches of rain fell here during the storm. Some damage is reported but it will be very beneficial in the long run.

School reopened Monday after an enforced vacation of nearly six weeks. Quite a number of new pupils are reported, resulting from the exodous from the city.

Supervisor MacBain is erecting tank along the road where they were destroyed by the earthquake. The tanks will be put up in such a way th no time will be lost by the water man in loading.

The handsome residence of Chas. Josselyn at Brookside is now a thing of the past. It was so badly wrecked by the earthquake that it had to be torn down. Mr. Josselyn will build a temporary home for the summer an intends later on to rebuild a new home.

Contractor Brown has a large number of men in this vicinity repairing the damaged buildings.

Southern Pacific at Work.

The Southern Pacific Company has already undertaken the work, in behalf of the entire Pacific coast, of dispelling erroneous and damaging impressions, that effect the entire Pacific coast, growing out of the recent disaster at San Francisco. Announcement is made that in this public service the co-operation of public men and of the press is assured.

While San Francisco was burning, when it was impossible to verify rumors or to substantiate facts, stories were circulated that found their way into print that, if uncontradicted, will injure not only California, but also the other states of the Pacific coast.

Nothing but the truth is necessary to point out that no material industry —agriculture, horticulture, viticulture, —etaoinshrdlu cmfwyp vbgkqj etaoin mining, manufacturing, commerce— has suffered interruption of permanent injury. A series of articles, prepared by men whose reputations command respect and inspire confidence, is required at this time. Such will be arranged for and will be circulated all over the world by the Southern Pacific Company. The entire American newspaper and magazine press will, in sympathy and in justice to the stricken state of California, give them all possible publicity. Their educational value will be great.

Joseph A. Plecarpo respectfully announces his candidacy for COUNTY AUDITOR of San Mateo county, subject to the action of the people at the Republican primaries and convention.

Composite Pronoun Wanted.

The want of a composite pronoun to express both "he" and "she," and, what is sometimes more important, to express neither he nor she, must have embarrassed every one at some time or another. There are ungrammatical ways of shelving the difficulty, such as for instance, by translating the convenient French "on" as "they," when we really mean one person who may be either masculine or feminine. The lack of a portmanteau word to express both sexes without specifying either did not, however, trouble the new maid who approached her mistress with the ingenious remark, "Please'm, a friend of mine has called—and may I ask 'er to tea?"—London Chronicle.

A Point In Punctuation.

For a century past, probably longer, the rule of the best printers and publishers has been, "Three words in the same construction are separated by commas." Two examples will illustrate the rule:

"John, James and Thomas have come.'

As so punctuated the first name is vocative, the second and third nominative. Two persons have come.

"John, James, and Thomas have come.'

And now the three names are all nominatives. Three persons have come. The two meanings can be indicated otherwise only by a footnote.—New York Times.

A Stubborn Opening.

The head of the household was going through her husband's pockets the next morning.

"What kept you out so late last night?" she suddenly demanded.

"It was the opening of the campaign my dear," the lesser half replied.

"Well, it didn't take three corkscrews to open it, did it?"

And she drew the offending articles from his side pocket and waved them before him.—Cleveland Plain Dealer.

Swordless.

"Yes," said the condescending youth "I am taking fencing lessons."

"Good," answered Farmer Corntossel. "I allus said you was goin' to turn in an' do somethin' useful. What's your specialty goin' to be—rail, stone or barbed wire?"—Washington Star.

WILL CLOSE ON MONDAY.

The Redwood City branch of the San Mateo Liquor Dealers Association met at the town hall Thursday afternoon and put themselves on record as being desirous of keeping up the fair name of Redwood City by voluntarily agreeing to close all saloons fro Saturday evening until Monday morning.

The matter was to have been taken up on Monday evening by the town trustees but their action has been made unnecessary by the ready action of the salcon men. Not only will all saloons be closed but package goods can not be sold by drug stores or mercantile establishmnts and no form of malt or fermented liquors will be dispensed at hotels.

The town marshal has been instructed to keep a careful watch and should any infraction occur he is to report it and prompt action against the offender will be taken. The following is the rsolution which was unanimously adopted.

Whereas the board of town trustees of the Town of Redwood City have received a communication from the Board of Supervisors of the County of San Mateo wherein the said last named Board of Supervisors asked that the Board of Town Trustes close the saloons of Redwood City from noon Saturday until six o'clock the following Monday morning; and

Whereas, the Board of Town Trustees have set Monday June 4th, as the date upon which to take action on same; and

Whereas, the purpose of the movement of the Board of Supervisors is to protect the good name and citizens of our county from unjust critism, said criticism arising from acts of irresponsible persons from without our county,

Now therefore, Be it Resolved, that we, the members of the San Mateo County Liquor Dealers Association, whose places of business are in Redwood City, do hereby voluntarily until further notice agree to close our saloons from 11 p. m. Saturdays until 6 a. m. of the following Monday morning; and

Be it further resolved, that notice of such action on our part be ordered published in order to demonstrate to the world that we stand ready to voluntarily assist in maintaining order in our present crisis.

TOWN COUNCIL.

The town trustees held their regular meeting Monday evening, all members but Walker being present. The matter of supplying water to Wellesley Park was again taken up and Geo. C. Ross addressed the board at some length upon the matter. He said that as the company owning the park contemplated spending large sums of money Redwood City should provide a suitable water supply. As there was $8,000 still in the treasury to be expended by the water committee Foley moved that $7,000 be used in laying pipes in Wellesley Park. Luscher seconded but the motion was lost by a tie vote. Foley then made a motion that $6,000 be used. Hynding thought that $4,000 should be sufficient for the purpose but the motion was carried.

The matter of curbing Phelps street then came up and a petition from the property owners along that thoroughfare was read, asking that they be allowed to put down wooden instead of concrete curbing. Frank Towne, one of the petitioners stated that he thought when signing the petition that the petition referred more particularly to the less important streets of town and that he thought Phelps street as one of the principal thoroughfares should have concrete curbing. Dr. J. L. Ross who had not signed the petition stated that personally he intended to put down a concrete curb, but that he had on objections to his neighbors putting in wood. G. P. Hartley then showed in a convincing manner that wooden curb were superior to concrete in everything but looks. The board then voted on the matter, Foley being the only one who objected to wood. The city engineer was then instructed to draw up specifications for the wooden curb.

The resolution regarding the closing of saloons from Saturday noon to Monday morning, which had been adopted by the board of supervisors was then read and on motion of Foley action regarding it was delayed until Monday evening, June 4th.

The sale of a franchise for a spur track petitioned for by the Stauffer Chemical company was again laid over on account of the continued holidays.

There being no other business of importance the board adjourned.

APPLIED FOR A FRANCHISE.

General W. H. H. Hart who has applied to the Palo Alto trustees for a franchise to operate an electric railroad in that city gives assurance that there is plenty of money behind him to build the road from San Jose to San Francisco.

The men who are back of this represent $150,000,000, General Hart is quoted as saying.

General Hart asks for a franchise to build lines on the following streets of that city:

Double track road from the county line southeasterly along the entire length of Middlefield road.

Single track road from the county line southeasterly along the entire length of Emerson street.

Single track from the county line southeasterly along the entire length of Alma street.

Single track from Alma street northeasterly along the Lytton avenue to Middlefield to University avenue and thence on University northeasterly to the town limits.

Single track from Alma street northerly along Hamilton avenue to the town limits.

Single track from Alma street northerly along Channing avenue to Channing lane and thence along Channing lane to Embarcadero road.

In his letter to the board a week ago the General stated that, if granted, the local franchise would be transferred to a corporation soon to be organized to be known as the California Rapid Transit. Last evening he outlined the proposed routes of the company as follows:

A main line from Monterey Bay to San Francisco, passing through San Jose on the First street line; thence up the Peninsula passing south of Mountain View and entering Palo Alto through the Seale tract at the Middlefield road; thence across the city and on to Redwood, passing north of St. Patrick's Seminary; from Redwood to the Guggenheim smelters at South San Francisco and thence into the city.

A branch line from Palo Alto passing along Alma street and under the Southern Pacific tracks at the creek; thence through the foothills as far as South San Francisco.

A branch line running from Palo Alto through the Boise addition and Ravenswood and connecting with the proposed Western Pacific system from across the bay at Dunbarton Point.

A branch line, if possible, will enter the University grounds at the Embarcadero road.

The General offered a forty minute service to the city.

The trustees took no action on the matter last evening, but will consider it further at a meeting to be called in the future.

COUNTY BOARD IN SESSION

Official Business Transacted by the Supervisors at Its Last Meeting.

The Supervisors met last Monday to hear the views of the taxpayers of the county in reference to rebuilding the court house. All the members were present. Nearly one hundred people attended this important meetin and expressed their opinions. All agreed that the building should be reconstructed at once. The old courthouse was built by a direct tax extending over a period of four years. The tax was cheerfully paid by property owners. They are now ready and willing to rebuild but by a bond issue. Nearly every speaker at the meeting expressed himself in favor of a bond issue to extend over a period of forty years. There appeared to be a general sentiment in this direction. Experts believe that forty per cent of the new courthouse can be saved. The foundation is in first class condition while much of the interior woodwork is intact. A large portion of the stone facing is well preserved.

The amount of money required is a matter of doubt at present until the building shall have been examined. It is believed, however, that less than $100,000 will do the job in a suitable manner. The tax on this amount by the bonding plan would be about [illegible] per cent of the county valuation. If extended over a period of 40 years it would make an average of 2 cents.

After the matter had been thoroughly thrashed out and prominent citizens had voiced their opinions, a committee of five was appointed, consisting of the entire Board of Supervisors, to ascertain precisely how much of the old building could be utilized. The committee will report at the conclusion of its investigations, when it is expected that steps looking towards a bond issue will be taken. The general sentiment of the people of this county seems to be in favor of either an entire new structure or the rehabilitation of the old in such fashion as to make it as good as the old one.

Chairman Coleman called the meeting to order stating the objects.

The first to take the floor was C. N. Kirkbride. He said that Mr. Pinckney, Mr. Nash and himself were appointed by the San Mateo Board of Trade to represent that body. He said it was the general opinion that the courthouse be built at once and the money to do it raised by a bond issue. He urged economy and thought $100,000 sufficient to do the work. He was confident that the bond election would carry.

Mr. Nash remarked that the sentiment was so strong in favor of a bond issue that unless the board heeded the advice of the San Mateo taxpayers there was a possibility that that section of the county would be heard from in the interest of removal.

Mr. Levy the well known San Mateo merchant gave the assurance that a bond issue would be supported by the San Mateo taxpayers.

Judge E. E. Cunningham of South San Francisco followed Kirkbride, and urged instant action, declaring that the sentiment of the county favored the erection of a substantial building. He outlined the plan he thought most feasible. He deprecated the advocated policy of an increase in taxation, and advocated a thirty-year bond at 4 per cent. At this time San Mateo was looking for increased business and increased population but high taxes would drive those who might come among us to other localities where taxes were more reasonable.

H. W. Brown delivered an eloquent speech. He, too, was in favor of a bond issue, but deemed the task of convincing two-thirds of the people a hard one. He urged concerted action.

W. J. Martin of South San Francisco, was opposed to direct taxation. He wanted to see the courthouse rebuilt on its present site grander and better than before. The north end of the county [illegible] issue.

P. A. Roussell of Belmont in a strong speech favored a bond issue to rebuild the courthouse.

L. P. Behrens enlightened the board on the financial side of the question, giving some figures as to the annual cost of a bond issue. If $200,000 were raised for a term of 40 years it would require an annual payment of $8,000 to which would be added, at 4 per cent interest, the amount of $5,000, making a total of $13,000. On an assessed valuation of $17,000,000 a tax of 8 cents would be required to make the yearly payment. A less bond issue would require a correspondingly less tax.

George C. Ross, in an effective address, deprecated hasty action and urgd that a committee of expert engineers be appointed to examine carefully the present building of which was of thee opinion fully 50 per cent could be saved. The remarks of Mr. Ross were well received, and were later incorporated in the action of the board.

Geo. Meckins in a brief speech favored the immediate rebuilding of the courthouse and the money to do the work to be raised by a bond issue.

Judge Fitzpatrick, one of the members of the committee appointed at last meeting to secure the services of engineers to examine the wrecked building, said it was impossible to secure the men. He suggested that the Board act as a committee to take up the matter. He said nothing can be done until the full amount of damage was ascertained. There was no sectionalism in rebuilding the courthouse for all portions of the county favored it. The bond issue looked good to him and he favored it.

The matter resolved itself finally into a resolution proposed by Supervisor MacBain seconded by Debenedetti, which appointed the Board, a committ of five with power to act.

As the situation now stands, the Board will appoint engineers within the week and a special meeting will be called to consider the result of the latter's investigations.

The saloon question was here broug very forcibly to the attention of the meeting by Sheriff Mansfield, who declared that the authorities of San Francisco had been forced in the past week to send out fifty police to the county line to restore order and combat with intoxicated toughs. He declared that the county ordinance was being violated every day and demanded that the saloons be required to close from Saturday toM onday. This provoked considerable comment.

Judge Cunningham, Geo. C. Ross and H. W. Brown delivered some forcible speeches on the subject.

MacBain moved that all the saloons be closed for a period of thirty days but this failed of a second. MacBain then moved that all the saloons of the county close from Saturday at noon until Monday morning [illegible] to the Fourth and Fifth townships where saloons were conducted in an orderly manner. He amended the motion eliminating the Fourth and Fifth townships.

The following resolution, offered by MacBain and seconded by Coburn was adopted:

Whereas, By reason of the resent disaster public necessity and public good require that the liquor traffic shall be suspended temporarily and until such time as this county and the adjoining City of San Francisco can attain their normal conditions; and

Whereas, For some time past a great number of lawless people from San Francisco have been traveling from that place to points within this county and have herein purchased liquor; and

Whereas, The authorities of the City and County of San Francisco have ordered closed the saloons and liquor stores within said city, said places of business to remain closed until the further order of the authorities of said city and county of San Francisco; and

Whereas, This Board of Supervisors deems it for the interest of all the people of the state and for the good and welfare of the people of this county and of the city of San Francisco that such action be taken in this county by this Board.

Now therefore, resolved, By the Board of Supervisors of the County of San Mateo, that all persons within the First, Second and Third townships of this county are hereby ordered and required to cease and refrain from the sale or giving away of any spiritous, malt or fermented liquors, or wines, or any admixture thereof between the hours of eight o'clock p. m. and six o'clock a. m. of each day and the hours of twelve o'clock noon of Saturday until the hour of six o'clock a. m. of the following Monday, and all saloons within said townships are hereby ordered closed between said hours until the further order of this Board in regular session assembled; and

Be it further resolved, That if any person shall be found violating this order any such violation shall be deemed sufficient cause by this Board to revoke any and all premits and licenses heretofore held by said person or persons, and shall warrant the prosecution by the authorities of this county as for violation of an ordinance of this county, and the District Attorney is directed to proceed against each and all of them for any such violation thereof; and

Be it further resolved, That the Clerk of this Board be, and he is hereby, authorized and directed to deliver to the Sheriff of the County of San Mateo certified copies of this resolution, and the said sheriff of this county is hereby [illegible] any and all persons engaged in the sale of liquor of any kind or description in said townships one of said certified copies.

No further business appearing the Board adjourned to Monday June 4th.

The Honored Dead.

Memorial Day was fittingly observed in Redwood City Wednesday. At two o'clock a line of march was formed in front of the I. O. O. F. hall consisting of the public school children, the Grand Army and thee Womans' Relief Corps. At the cemetery the exercises were opened with a prayer by Rev. C. C. Kirtland, the school children then sang 'Tenting Tonight on the Old Camp Ground..

The speaker of the day, S. P. McCrea, was introduced by post commander, J. H. Mansfield. Mr. McCrea' address consisted of a few remarks about the formation and history of the Grand Army. At the conclusion o his speech the audience joined in the singing of America. The work of decorating the graves of the departed soldiers was then taken up and they were covered over with beautiful flowers.

The procession then wended its way homeward and disbanded at the I. O. O. F. hall.

It a mighty dull man who doesn't know why women wear corsets.
